Anyways I just got the game yesterday and, for a semi-amateur like myself, I had some issues with the PC version. In fact, I got the game at my local wal-mart and they, "ATTACK OF THE SHEEP DOGS", "BILLY BLOODY RABBIT", "WHINNY YOCH", "ZOZOIS RIDE", "GO GO GAPES", and much more. Looney Tunes: Sheep Raider - Game At nly. Anyways I just got the game yesterday and, for a semi-amateur like myself, I had some issues with the PC version. In fact, I got the game at my local wal-mart and they didn't even help me out. So basically my question is what is a good video card to get so I can play this. I checked hardware diagnostics on the EID ITE (mother board) and it shows the Nvidia 6150 is supported. Or should I look into a different card? I'm not sure what to do and if a video card is even needed for this game. Sorry if this is a new question. The game was released in 1993 and became a cult title within the PC gaming community..
